

Let There Be Peace!

There are people dying in this world
Do you feel your heart is turning cold
In the waking hours we walk facedown
For there's mist of darkness all around

Maybe now there's darkness all around you
It may seem there's no way out no avenue
But there is light of prayer that's deep within your heart
Let it shine, let it tear this night apart

**Asato ma sadgamaya
Tamaso ma jyotirgamaya
Mrtiyorma amrtam gamaya
Let there be peace on the earth**

Can you hear your neighbour's lament?
Lot of injustices, lots to repent
All the malice, hatred and blatant lies
Spreading darkness in us, don't we realise?

Everyday many are oppressed and agonized
Lynched to death, condemned, disdained, dehumanised
Many lives still keep on walking on a tightrope
Let's do our part at least bring a glint of hope.

**Asato ma sadgamaya
Tamaso ma jyotirgamaya
Mrtiyorma amrtam gamaya
Let there be peace on the earth**

Hey! We can't escape this lockdown
Migrants find no way to get back to the hometown
Fake news, propaganda, is a breakdown
Reporters yelling on my TV are just clowns
Man's a Hero, they say that the man cares
But any chance to grab money he never spares
Migrants keep walking, no train, neither one bus
And in this crisis you know who's saving us?
Our heroes are saving us! Just look around, you'll find them.

The police in the streets are saving us
The doctors and the nurses are saving us
Our real heroes in the streets are saving us
And mothers praying for their kids are saving us
In times so alarming, some hope they are giving
Are we even seeing, their own lives they're are risking
The media isn't bothered, their souls they are selling
In such times of trouble to you O God we after turning
Do you hear a cry, we know you'll hear our prayer
Bring peace into this world we know you care.

Come back as Allah
Come back as Rama
Come back as Jesus
And save us now
We your people
Are in this together
Praying for your reign now.....! sare gama....

**Asato ma sadgamaya
Tamaso ma jyotirgamaya
Mrtiyorma amrtam gamaya
Let there be peace on the earth (2)**

To all the people out there,
Let peace be our religion,
What we need is love!
